[15:22] <djruno1> guys. it may seem like phil is complaining a lot but that is nothing but an illusion. what is a new twtich feature. it may seem like he is blaming the game, but in reality, he blames noone but himself. we just cannot understand the level of modesty

[15:25] <thatanonyraccoon> dspPepe I just want my viewers to respect me
[15:25] <galileopumpkins> How can a person be so bad at videogames. Liker every single one. Usually a person has a game that theyre good at. Phil is unique in that he is so impatient that he is bad at every single game he plays.
[15:25] <jeremyknight69> it's a shooting game still the same

[15:25] <chairmancaleb> @galileopumpkins He's been good at a few games actually.

[15:25] <djrunol> we have to realize that phil at this age is not capable to play these fast paced games anymore. it is difficult for him to focus on 2 things at once. or sometimes even 1 thing at once. but that's how life rolls

[15:25] <bethelewd> raccoon i respect you and our relationship

[15:25] <galileopumpkins> He. could. not. play. metal gear

[15:25] <goldencolts> maybe play COD for the rest of stream?

[15:25] <astrojetboy> I see @kushiyakitori

[15:25] <ccous666> yu can play 1st person view?

[15:26] <thatanonyraccoon> @BeTheLewd I respect you too, babe RaccAttack

[15:26] <katastrophe> Dude jokes aside though, for real. anyone else feel their reaction time in FPS games has severely diminished ever since they hit their late 20s-30s?

[15:26] <kalgor123> Oh wait he's back on twitch?

[15:26] <jeremyknight69> so you saying phil is slow

[15:26] <bentboxer> wookie coookie time

[15:26] <eliteshadowninja> nope

[15:26] <goldencolts> I play counter strike and just cant focus on the game any more at the level of people who are like 16

[15:26] <kozatof> @darksydephil what's your thoughts on Amos yee@

[15:26] <bentboxer> did they nerf the wookie

[15:27] <galileopumpkins> I think its kind of the opposite. I think he is so impatient and intent on doing the first thing he sees, he is incapable of being tactacle

[15:27] <katastrophe> I totally recognize that GoldenColts, I used to dominate in FPS's like Quake and CS , I cant play for shit anymore

[15:27] <djrunol> @Katastrophe i once thought so too, but then i realized that it actually was my equipment that made me react slower because i wasnt used to my gaming mouse f.e.

[15:27] <aes0411> If it was a real war, don't you expect that people would naturally surround you?

[15:27] <kinggoken> younger kids have more time to play. That's why they are so good.

[15:27] <wint3rmu7e> pick dva on overwatch, problem solved

[15:27] <kushiyakitori> outplayed

[15:27] <katastrophe> Damn why must I work and make money for it dspPepe

[15:27] <thatanonyraccoon> @aes0411 i think DSP expects to be the one doing the surrounding

[15:27] <galileopumpkins> @kinggoken He does this as a living.
